

Dr. Jeffrey Yost

Yost Dental Group, PLLC

■ **Services Provided:** Yost Dental Group provides cosmetic and family dentistry. In addition to comprehensive and preventive dentistry, we provide cosmetic treatments such as porcelain laminate veneers, invisalign® “invisible braces”, and ZOOM® in-office teeth whitening.

■ **Education and Certifications:** I graduated from Lipscomb University in 1993 and the University of Tennessee, College of Dentistry in 1997. Continuing my education is a priority. I attend post graduate courses regularly with specific focus in cosmetic dentistry. I am a member of the American Dental Association, Tennessee Dental Association, Nashville Dental Society, and the American Academy of Cosmetic Dentistry.

■ **What Sets You Apart:** Integrity, Quality, and Expertise- I am devoted to my patients. Their comfort and treatment are my primary focus during their appointment. I take time with each patient to customize an individual plan, discuss options available, and listen to all questions they have to establish a relationship they trust. With over ten years of experience, I am committed to maintaining the highest level of skill and advancements in dental technology.

■ **Greatest Achievement:** Through the support of my family and friends, Yost Dental Group officially opened for business on May 15, 2008. This was both a personal and professional goal that through God's faithfulness I have attained after having worked ten years in a group practice in the Green Hills area of Nashville. I look forward to this new journey.

■ **Mission:** Our mission at Yost Dental Group - “To be a cosmetically-minded dental practice that focuses on building beautiful smiles and lasting relationships in a caring, compassionate, trustworthy environment where everyone feels like part of the family”.
